AN ACT

To Revise the Structure of the GSO

Be it enacted by the General Assembly of Missouri Boys State, as follows:

Section 1. The Government Surplus Outlet has no current statute regarding its establishment. The following chapters will make specific the general laws for the establishment of the GSO, as well as the general operating of the GSO.

Section 2. To further represent the American ideal of capitalism, and to facilitate a healthy environment of competitive business, the Government surplus Outlet will be established as two separate entities, managed by two different countries, to minimize unreasonable city profit.

Section 3. The two men staffing the GSO will each be from separate cities, as in the two cities in the county. Each staffer of the GSO will be elected by his own city.

Section 4. The GSO will receive a 50% tax to prevent unequal profit between cities. The remaining 50% of sales will be split equally between the two cities in the county

Section 5. The GSO's shall not form a business agreement that essentially takes advantage of its customers, and does not display the ideals of American Capitalism. Any violations of this chapter will result in all staff being removed from their GSO positions, with new staff being elected by the city councils of all cities already involved.
